

Run Report

Kurri Kurri Nostalgia Festival

This was the first year this event was on the club calendar, we met at Kurri Kurri McDonalds at 7am and left shortly after for the 2 min drive to the main street, we were surprised that nobody was checking the cars entering and we got a good park at the top end of Kurri with a shop front awning as shade for members.

The crowd was starting to build and by 9am the road was closed as over 500 cars were now entered, it was a car enthusiasts delight with the variety of so many cars, for those not interested in the cars there was plenty of 50's music & dancing, market stalls with fashion & memorabilia and local shops to check out.

Club members spent the day trying to keep out of the hot sun and I think the 2 pubs at either end of the street was a temptation for some, this was a huge event with quality cars & a great family atmosphere, we all had a good day talking to interested people about our cars and we left for home about 2.30pm. We received a lot of positive feedback from club members who are keen to return next year.

Congratulation to Graham who attended in his EK "Extreme Blasting" work van won an award for "Top 10" – cmon Graham where is the torrie??

For the record –

4 big
11 little
24 Members
30 Total Attendance

Thanks
Yvonne Yates

Dane accepted your award Graham
