Tilligerry Motorama – Sunday 20 May 2012

We met at Heatherbrae Pies, 5 Toranas and Geoff & Janet in their Skyline (it does have 2 doors and rear spoiler!), we arrived at the Tilligerry RSL grounds early enough to pick our parking, there were lots of various models of cars entered, also market stalls, rides for the kids, rock n roll entertainment and plenty of food to choose from.

Around lunchtime, with dark clouds coming over and with rain showing on the radar, Dane had nightmare flashback visions of rain at Steamfest and quickly packed up & headed for home. The organisers brought forward the trophy presentations as others also had started to leave, winner of “Best Holden” was Dane so we nominated Mel to go and accept the trophy on his behalf, Ian Walters also won a Meguiars Gift Pack as part of a raffle.

We hope that with the entrants and visitors that a lot of money was raised for the Motor Neurone Disease.

Thanks

Yvonne Yates
